* when ordered with RxManage (International Pharmacy Program)

Receive accessible, more affordable prescriptions and live a healthier, happier life with RxManage.

RxManage sources medication from dispensing pharmacies in New Zealand, Australia, United Kingdom and Canada. These countries are classed as Tier One countries (designated by the US Congress) for pharmaceutical supply. All prescription drugs are from Good Manufacturing Practices-certified manufacturing plants.

Medications are brand name medications, in original sealed manufacturer's packaging. The medication you receive through this program will be exactly the same as what you currently take.

We aim to work with you and your employer to get the medication you need, so you can stay compliant with your prescriptions. **And we waive costs, so you have more money to spend on other things that matter most.**

Get your prescriptions without the hassle - Ordering is easy!

If you think this program could benefit you or a family member, please reach out to learn more.

TAKE CONTROL OF YOUR HEALTH

Unlock Better Medication
Understanding with Tria Health

ABOUT US

Tria Health® is a free and confidential benefit available through your health plan. If you have a chronic condition or take multiple medications, Tria Health's pharmacists are ready to support you in managing your health.

At Tria Health, our pharmacists ensure your medications are doing their job properly. They also give you personalized advice to help you handle any issues or questions you might have about your health.

EARN UP TO \$300

By completing your consultation with a Tria Health pharmacist, you will receive a \$100 Prepaid Mastercard, which can be used at the pharmacy or anywhere else Mastercard is accepted. Members can qualify to receive up to \$300 within a 12-month period.

HOW TRIA CAN HELP

Pharmacists are the experts in how medications work and can provide valuable feedback to you and your doctor(s). Your Tria Health pharmacist can help:

- Make sure your medications are working as intended.
- Help you save money.
- Answer any questions you have about your health.
- Coordinate care with your doctor(s) - Over 95% of recommendations made by Tria Health were accepted by an individual's physician.

Jasper

“I would describe Jasper in three words: awesome, helpful, and dedicated. They help me get through today and look forward to tomorrow.”

— Jim, Jasper Member in Remission

Jasper is a cancer support application for people affected by cancer

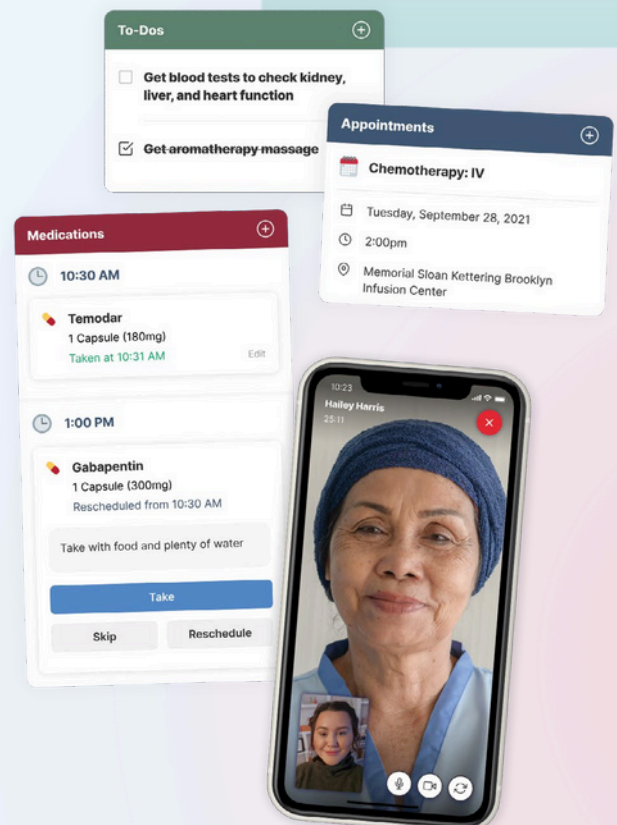

People shouldn't have to walk through cancer alone. Jasper's care coaches and digital application provide support to patients and their caregivers, right at their fingertips!

What you get with the Jasper app:

- ✓ An easy, digital way to get cancer support on your computer or your phone. After signup, we are just a click or call away!
- ✓ A schedule of appointments, to-dos, and medications to stay organized right in the Jasper app. You add tasks, we send you reminders.
- ✓ Access to your own dedicated Care Coach to talk to 24/7 for any reason. You call or message, we're ready to reply.
- ✓ Guidance and coaching focused on nutrition and meal planning, finances, symptoms, anxiety, stress, day-to-day questions, and more. We're always here to help.
- ✓ Fitbit or Apple Watch syncing right to Jasper for your Care Coach to see your steps and sleep. We keep track with you.
- ✓ An app and one-on-one coaching that's available for patients and loved one caregivers at any point in the cancer journey. We're here for anyone, anytime.

How does Jasper help employers?

- Jasper helps lower unnecessary hospital utilization costs
- Jasper improves employee satisfaction with support people deserve.
- Jasper guides members during remissions and return to work.
- Jasper provides support for family and friends of those living with cancer.

CANCER SUPPORT WITH JASPER

Jasper Health provides the one-on-one supportive care that people living with cancer deserve. We strive to empower individuals affected by cancer to navigate their cancer experience with confidence and support.

PROGRAM OVERVIEW:

- ✔ Supports those diagnosed with cancer via a virtual care app
- ✔ Provides you with personalized oncology treatment support throughout your care journey
- ✔ Data driven insights and recommendations to managing treatment holistically
- ✔ Psychosocial support that fits your mental and physical needs via customized content and coaching
- ✔ Work with coaches on an unlimited basis – phone/video calls and messaging – on your specific action plan

Whether you've been recently diagnosed, you're undergoing treatment, or you're transitioning to survivorship, cancer can be incredibly overwhelming. Having a dedicated supportive care counselor to lean on during this challenging time is essential.

If you think this program could benefit you or a family member, please reach out to learn more.
